

Program Terms

The Reproductive Health Program (RH Program) knows how important it is to provide clear and accurate information to our clinical network, our clients, and the communities we serve.

To support improved communication, we created the table below with terms related to the RH Program and their definitions.

The terms in the chart can be found in documents like the RH Program Oregon Administrative Rules (OARs), the RH Access Fund Enrollment Form, the RH Access Fund Eligibility Database, as well as health education, promotional materials, and social media.

All of the terms below are for services, coverage, and other aspects of the RH Program that already exist.

We encourage you to use these terms in talking with staff inside your agency, your clients, and the larger community.

Table 1: Program Terms

New name	Old Name	Definition
RH Program	--	<p>The RH Program is a state program, and its staff, within the Oregon Healthy Authority (OHA). This program works with clinics across the state to offer free or low-cost reproductive health services and birth control.</p> <p>The RH Program certifies RHCare, CCare, and AbortionCare clinics and administers the RH Access Fund which includes CCare, RH GF (state general funds), and RHEA funds.</p> <p>The RH Program is committed to promoting racial and health equity and to improving access to services and sexual and reproductive health outcomes.</p>
	--	<p>The ORHP (Oregon Reproductive Health Program) logo represents and reflects the mission of the RH Program.</p> <p>Our mission is to work together with our statewide network of clinics, community partners, and policy makers to ensure every person in Oregon has access to high-quality, culturally responsive reproductive and sexual health services.</p>

 <p>(cont.)</p>		<p>The ORHP logo is used on RH Program social media, our program website, and health education and outreach materials.</p> <p>The ORHP logo will be found on the Reproductive Health Program social media, our program website, and health education and outreach materials.</p> <p>Clinical partners within the statewide Reproductive Health Program network may also use the ORHP logo in the materials they create to indicate that they are part of the mission to provide sexual and reproductive health services that are accessible, high-quality, and culturally appropriate to all people in Oregon.</p>
